

## They Will See His Face: Worship and Healing

The purpose of this book is not to speak about the liturgy as an end in itself. The purpose is to enlarge the understanding of the liturgy of the Divine Service as the way God gives healing to the soul on Sunday morning and throughout the week. The Divine Service is what it says of itself: the Divine Service by God to His people. God serves us the healing power of His absolution and feeds us His own healing Word and His own healing body and blood so that He might live in us and through us all our days. *They Will See His Face* examines the meaning of the Sunday morning public worship, clarifying the connection between liturgy and healing. Readers learn how worship speaks to them personally and they will come to understand the truth and benefit of public worship.
