

Cougar Dating. How To Land The Perfect Cougar. Cougar Dating Tips and Tricks For Younger Men Looking For Older Women.

Most guys have a fantasy of being with an older woman, however, the reason this remains a fantasy for most of us is that we don't know how to approach and land a cougar. Not only are they considerably older, but they're wiser, more beautiful, and experienced. While these attributes can work in your favor if you're already with a cougar, they're going to work against you when you are trying to ask one out with the wrong approach. This is why I have created a tell-all, comprehensive cougar dating book that will help you understand how cougars work, what they think, where you will find them (both online and offline), and most importantly, how to keep them. Whether you're looking for a cougar to have some casual fun or you want to settle down with one, I will give you all the right tips and advice you need to successfully date a cougar. This book is divided into easy-to-read chapters that will teach you much more than you currently know about cougars. So if you're looking to bag that older woman you've had your eye on for months, this is your perfect opportunity. Pick this book up and read it with your full attention and focus. You'll become the ultimate cougar-magnet that you've always wanted to be! Covered in this book: - Breaking cougar stereotypes - Two kinds of women - How to approach a cougar - Dating advantages for the male and the cougar - Dating disadvantages for the male and the cougar - Bringing back that youthful spark - Sexual Stamina - Judgment from society - Explosive intimate sex - They have much to teach you - Different wants and needs - Keeping a cougar interested - Dealing with the cougar's lifestyle and much more
