

## 20 Things Wed Tell Our Twentysomething Selves

Are you making your twenties count? Despite what many think, our twenties aren't that dead space between youth and real life. Done right, they can be among our most important years. In *20 Things Wed Tell Our Twentysomething Selves*, professors Peter and Kelli Worrall look back on the good, bad, and miserable to give you the best of what they've learned, like: Dig deeper than your doubt. Foster good habits. Take risks. Adjust your expectations. Press into pain. With humility, warmth, and brilliant storytelling, Peter and Kelli invite you not only into their wisdom, but into their very lives, sharing about marriage, faith, drawn-out adoptions, dark nights of the soul, and the God who's in it all. But *20 Things* is more than a list of advice; it's a book that can change your life. Let the trend of your twenties be sowing wisdom, and who knows what the rest of life will bring? Includes action steps, discussion questions, and ideas for further reading at the end of each chapter.
