

One Step Plan for Investment Success

Stop giving back most of your hard-earned investment gains during the stock markets gut-wrenching periods of extreme weakness. Don't impose your opinion on the stock market. Let the market itself tell you when to buy and sell. Liquidating positions is the most overlooked element in investment success. The simple method described here assures that the investor is always in the market during every major advance and always out of the market during every major decline. The graphs and tables in this book substantiate this claim.
