

## A Personal Chef Cooks: Recipes from a Decade of Lower Fat Cooking

This cookbook has come about from more than a decade of cooking fat reduced meals for my clients. As a personal chef, I have had the pleasure of preparing health-restoring foods for people with a variety of dietary concerns, especially helping clients achieve a lower fat lifestyle by reducing their daily fat intake. Along the way, the most common request by far was to re-create favorite comfort foods that were lower in fat than the originals - but still tasty! Whether your tastes range from chicken to chocolate, there are slimmed down new favorites waiting for you in this collection of one hundred recipes. Fill pita pockets with the South of the Border Salmon Filling or surprise a wheat-intolerant friend with Wheat Free Coffee Cake. Enjoy your old favorite, Chicken Divan, slimmed down in fat, but not in taste, and remember to share the Lemon Tarts that will have you wondering why we ever put butter in them in the first place. This collection is just what you need for fun favorites without all the fat. Many of the ideas for these recipes have come from my clients favorite family memories, cookbooks, and magazines, or from memorable restaurant dishes that have been described in great detail. As I captured and tested each recipe, I reflected on the many people who have enjoyed them in the past. Few things delight me more than remembering their smiling faces recounting enjoyable dinner scenes. My husband, Geoff, has faithfully tasted every single dish and has been instrumental in helping this collection take shape. I am grateful to him and to all who have helped to make this book possible.
