

## A Spouses Guide To Hiding Assets

Do you think your spouse has hidden any assets away? Have you hidden some away and wonder if they are safe from detection? Now you can find out. This manual is a guide for anyone who has ever wanted to find out about how assets can be repositioned, how assets can safely be protected and cloaked, how they are commonly hidden, how they can be located, and mistakes people make in trying to hide them. It is a must-read for people who are concerned with protecting their assets either before getting married, during their marriage, after a divorce, or when they are facing a contempt of court hearing. The book can help them with the necessary planning and considerations needed at these stages. Your goal is to make your assets as bulletproof and as invisible as possible in order to keep them safe. You will find explained herein some entirely legitimate and commonly overlooked ways to protect your assets, some precautions to use, and hopefully, some considerations of which you weren't aware.
