

Hazardous Materials Technician with Resource Central Fire -- Access Card Package (Brady Fire)

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Normal 0 false false false EN-US X-NONE X-NONE

Hazardous Materials Technician is the only dedicated, up-to-date text to cover all key concepts, principles, and hands-on techniques associated with effective hazardous materials response. Organized to follow the logical progression of a hazmat response, it offers detailed explanations and examples addressing regulations and standards, toxicology, chemistry, information resources, PPE, air monitoring, sample identification, containers, damage assessment, product control, decontamination, ICS, response organization, and much more. Detailed step-by-step procedures are provided throughout, and complemented with online visual walkthrough guides to performing complex procedures. Historical incidents are presented for context, and response

considerations for commonly encountered incidents are thoroughly discussed. Solved exercises show students how concepts are applied in realistic response scenarios, and review questions enable students to test their knowledge of each key technique.

This ValuePak contains Weber: Hazardous Materials Technician, 1/e (ISBN: 0131720198) and Resource Central Fire Student Access Code Card (ISBN: 0132816024). MyBradyKit/Resource Central is an online resource that offers a wealth of tools to help student learning and comprehension, including quizzes, audio glossaries, scenarios, links, videos and animations, and more. MyBradyKit/Resource Central also includes a full suite of supplements just for instructors, including Instructor Resource Manuals, Test Banks, and PowerPoint slides. All you need for student SUCCESS and program management is found inside MyBradyKit.
