

Wing Man: The Ultimate Guide to Getting the Woman of Your Dreams

The Wing Mans main goal is to help MEN FIND THE WOMAN OF THEIR DREAMS and have FUN while doing it. With Rich Celenzas advice and helpful hints any man of any age can learn how to build successful relationships with extremely beautiful, smart women. Even if you are in a committed relationship this book will also provide incredible tips and assist you with your own personal development. There has never been a book that was as honest or as advanced when it comes to picking up women. WING MAN teaches you how to develop self-confidence when dealing with all types of women, and shows you the importance of being a better listener. It explains how to conduct yourself in a professional manner in front of women at all times, dealing with them effectively on a personal level. In a practical way the book offers lots of suggestions on how to reinvent yourself, get stylized and even get in better shape. It also helps you develop a great PERSONALITY and learn not to take everything so seriously! Rich Celenza lives by a saying that goes, Theres no such thing as perfection, but if you dont aim for it, you wont even get close. Preparation is the key to success, and this book helps you prepare yourself like no other. You will learn how to relax and how to control your emotions regardless of what type of pressure you feel under when dealing with women. You will also learn how to stop all the complaining and pouting, and instead be polite and sophisticated, a man who carries himself with elegance and grace at all times. This book explains that women at times can be very complex and if you plan on succeeding at meeting and dating incredible, beautiful, intelligent women with the hopes of eventually ending up in a committed relationship, you must have a passion and a desire to never give up or settle. WING MAN stresses the importance of selling yourself and truly being a

UNIQUE individual who STANDS OUT amongst the crowd. Bottom line: you are going to need to know how to be thick-skinned and be able to handle rejection as well as praise when dealing with women, and this book is the tool that can help you do it. On the plus side WING MAN reveals that men don't need to be incredibly handsome or have a great body or be rich to be around beautiful women. It does help, there's no question about that, but there is a lot more to it than that if you plan on being in a long term committed relationship. To get a great woman a man needs to learn how to STAY POSITIVE AND ALWAYS HAVE A GREAT ATTITUDE. WING MAN is the book that's going to help you capitalize on your own special qualities and become the man you always knew you could be. And after reading it you will also be able to project yourself into being the best you can be in all the different areas of your life.
