

An Honest Mistake

David Fox is an average, twenty-something college student fresh out of a bad break-up with his on-again, off-again girlfriend, Anna. Desperate to get back the love of his life, David seeks guidance from his long time confidant, Tyler, who is known for his reputation as a notorious womanizer. David goes under the wing of the self-styled pick-up artist and begins to learn his ways, hoping to concoct a scheme to win back Annas affections. Just as everything seems to be going according to plan, David makes a horrible discovery: hes made a terrible mistake.
