

Animal Restraint for Veterinary Professionals, 1e

This innovative resource provides both step-by-step instructions and vivid, full-color photographs that explain and illustrate proper animal restraint techniques. Each procedure features between two and eight photos that clearly show the exact steps necessary to achieve safe and effective restraint. It covers handling and restraint for all domestic species: cats, dogs, horses, cattle, pigs, sheep goats, lab animals, rabbits, ferrets, and birds. The book also includes normal and abnormal behavior characteristics, precautions, special handling, restraint devices, and descriptions of medical procedures, such as venipuncture, for which special restraint procedures are necessary. Features full color throughout. High-quality, crisp, clear photographs illustrate each restraint procedure. Restraint procedures are presented in a logical, step-by-step format. Covers handling and restraint of all domestic animal species. Each chapter includes normal and abnormal behavior characteristics, precautions, special handling, restraint devices, and descriptions of medical procedures, such as venipuncture, for which special restraint procedures are necessary.
