

## Morgan Le Fay

Morgan Le Fay: A figure of myth; an ambiguous personification of the mysterious, powerful feminine; half-sister and adversary of King Arthur. Sandy McDougal has such a figure in his life. Is his Morgan friend or foe, ally or enemy? Does she love him, despise him, or merely tolerate him at whim? Sandy is nearing the end of his long journey, putting together the pieces of his troubled life. Haunting his dreams and his waking thoughts are memories of Morgan, sometime lover and baffling antagonist-he has always loved and desired her, sometimes feared her, never understood her-and now, as he reflects on the significant waypoints of his past, she seems to be the key to all that is, for him, unfinished, un-lived, unfulfilled. Who is she? Strong, independent woman? Or seductive, deceptive sorceress? Is she real? Does Sandy only know her as a projection of his own desires and dreams? Can he handle knowing her as she is to herself? Who is he? Who is Sandy, with or without Morgan? What will he find when he sees her once again, this time ten thousand miles from home? With echoes of the Arthurian legend and a knights quest in a strange land, the novel surprises with stunning revelations, unexpected grace, welcome healing and the spiritual insight to guide a man through the rest of his lifes journey.
