

Holy Sh!t: The Insanity of Blind Faith (Volume 1)

In this book, Casper Rigsby addresses the doctrine of Christianity known as the bible, and dives head long into the insanity within that text. The book will introduce the non-Christian to some of the most irrational and illogical ideas within the Christian doctrine and will remind the progressive or moderate Christian of just how insane the bible is. It will also present the notion that by wearing the label of Christian they are signing a metaphorical terms of service agreement that says that they agree with all the insanity presented there by proxy, and will hopefully leave the reader questioning why anyone would believe any of this nonsense. Lastly, this title will ask the reader to take off the blinders of faith, even if only for a minute, and take an objective look at the insanity within the bible.
