

# Lunch Al Fresco: Groceries to Gourmet, The Fast and Easy Way (Groceries To Gourmet the Fast And Easy Way Book 1)

The Groceries to Gourmet the Fast and Easy Way series of cook books are not your typical recipe/cook books. If you need to prepare a meal in less than 2 hours that will impress your guests, even if you can't cook, this series is for you! You will not see a list of measured ingredients followed by oven temps and cooking times. Actually, there is very little cooking involved in most of these books. Most of the food dishes are based around the concept of fresh, flavorful and well-presented foods. These books are also set up in more of a conversational manner based on logic and common sense in the grocery store and kitchen. I will walk you through every process you need to make a great, fresh meal made to impress. In Lunch Al Fresco, we will be making 3 fresh gourmet sandwiches, creamy salsa dip, white peach sangria, and herbal iced tea. The perfect fresh food lunch menu for an outside gathering for 6 people.
