

Brand Culture

This fascinating book shows that neither managers nor consumers completely control branding processes. Cultural codes constrain how brands work to produce meaning. Placing brands firmly within the context of culture, it investigates these complex foundations. Topics covered include: the role of consumption brand management, corporate branding, branding ethics, the role of advertising. This excellent text includes case studies of iconic international brands such as LEGO, Nokia and Ryanair, and analysis by leading researchers including John M.T. Balmer, Stephen Brown, Mary Jo Hatch, Jean-Noel Kapferer, Majken Schultz, and Richard Elliott. An outstanding collection, it will be a useful resource for all students and scholars interested in brands, consumers and the broader cultural landscape that surrounds them.

Images for Brand Culture Johnson & Johnson has created a powerful ethos and worldview that drives both their internal behavior and their branding efforts. You'd better believe consumers are attracted to a brand with such strong values. And employees want to work at a company that's driven by its values/beliefs they share. **Four Major Benefits of a Strong Brand Culture** MOO - AdAge The context for brand cultures is changing.
