

## The Best Stocks to Own in Q3 (The Seasonality Handbook Book 2)

Markets are increasingly risky, which makes timing entry and exits critical to success. The Seasonality Handbook is a quarterly road map showing you the sectors industries and stocks with the best and worst seasonality for the upcoming quarter. Inside, you'll see data compiled over ten years and across over 1500 widely traded stocks. You'll learn which sectors and industries are poised to rise. And, you'll discover which are ready to fall. In addition, the guide provides detailed insight into specific seasonal trends across ETFs. You'll learn whether now is the right time to buy gold. And, if Apple Computer is likely to rise or fall. You'll also get specific seasonality for nearly 1500 individual equities, listed alphabetically by stock ticker. This is a valuable resource for any serious investor.
