

Joomla! 1.5 & Virtuemart Websites for Small Business!

This guide is designed for anyone in the world who owns a business or who wants to start a company but doesn't know how to build an internet presence. Dr. Michelle M. Griffin an SAP expert has turned her attention away from large scale enterprise development to Open Source content Management which is the future of Enterprise systems for all size business. Be ahead of the curve and learn about Open Source through Joomla and Virtuemart. This book covers: Installation, setup, Configuration, Content creation, Search Engine Optimization Organization of your content Working with extensions Walk through a live website development from start to finish. The case study for this book was www.joomlaease.com the homepage and helpdesk for the Joomla! 1.5 & Virtuemart series. Buy the book that fits your needs for instance Power at your Fingertips (General) or Sports and Clubs or Small Business, or Not for Profits, or Doctors & Healthcare. Each book is customized to the industry and examples are based on that industry.
