

# Companioning the Bereaved: A Soulful Guide for Counselors & Caregivers

Renowned author and educator Alan Wolfelt redefines the role of the grief counselor in this guide for caregivers. His new model for companioning the bereaved gives a viable alternative to the limitations of the medical establishment, encouraging counselors and other caregivers to aspire to a more compassionate philosophy. This approach argues that grief need no longer be defined, diagnosed, and treated as an illness but rather should be an acknowledgement of an event that forever changes a person's worldview. Through careful listening and observation, the caregiver learns to support mourners and help them help themselves heal.

**Companioning the Bereaved: A Soulful Guide for Counselors** Thousands of caregivers have participated in the past 30 years. Dr. Wolfelt believes in companioning the bereaved, in contrast to the medical model, which is based on treating patients. Participants will receive a copy of *Companioning the Bereaved: A Soulful Guide for Caregivers*.
