

## Growing Beyond Medical & Legal Transcription: Easily Expand Your Skills! Start Making More Money by Providing Creative, General & Production Transcription Services

Growing Beyond Medical & Legal Transcription Easily Expand Your Skills! Start Making More Money by Providing Creative, General & Production Transcription Services. Are you looking for a career that offers flexibility, the ability to telecommute, and the opportunity to earn good money? How about a career where you can be your own boss and that does not require any specialized training or postsecondary education? If you answered yes to these questions, then a career in creative, general & production transcription services is for you. Unlike medical and legal, creative, general and production transcription does not require any special training, certifications or continuing education. Growing Beyond Medical & Legal Transcription is your step by step guide to leaving behind the mundaneness and monotony of medical and legal and entering the lucrative and exciting world of creative transcription. This book covers: Resources to get started (links) Processes to run and improve your practice A comprehensive training program for your team A thorough list of rules and examples Templates to get started Samples of formats and styles After reading this book, you'll have the tools to: Increase your income by establishing standardized processes Create processes to double production & revenue Build your team of experts Recruit independent contractors Succeed with quality, efficiency & service Save time & money Make more money & have more personal time Start your rewarding and lucrative career in creative transcription today with Growing Beyond Medical & Legal Transcription by Caren Stewart. About The Author: Caren Stewart established her transcription company, Lady of Letters, Inc., in 2006 with just herself as the sole proprietor and transcriptionist. Success was not a straight line. The learning curve was intense, but

through dedication and perseverance she learned what is required in building a successful transcription company. Her practice consists of a team of independent contractors working from various locations across the U.S. Her firms client base included municipalities, board of directors, filmmakers, video production companies, business professionals/executives, authors, reporters, students plus many others. Caren Stewart resides in Everett, Washington along with her husband and enjoys providing others the opportunity to start or increase their own transcription business.
