

Learning to Reflect is a collection of daily meditations on the word of God, the message contained in the Christian Scriptures. In concert with a one-year reading plan of the Bible included in the book, each of these daily devotions challenges the reader to think more deeply about the message of a particular verse or passage and how that message should challenge not only the content of our minds and hearts, but the conduct of our lives as well. These thought-provoking meditations attempt to plumb the depths of a specific verse or passage in light of the bigger picture of who God is and what He desires to do in and through us. Through overhearing these ancient conversations between heaven and earth, we attempt to hear Gods message for us today. As we, by grace, learn to reflect, and truly do reflect, upon the words of the divine Author, we will, at the same time, be learning to reflect His love and truth to the world.
