

Dead On: The Long-Range Marksman's Guide To Extreme Accuracy

This hands-on manual walks the shooter through every step required to become a true long-range marksman, from understanding minute-of-angle principles and selecting a rifle, caliber and cartridge to mounting and zeroing a scope, estimating wind values, dealing with mirage, understanding bore sighting, selecting and using iron sights, shooting with a variety of slings, performing preventive maintenance on your rifle and using range finders. Includes scope adjustment charts for a long list of rounds.
