

## My Special Spring (Dying with Buster Brown)

Set in 1953, nine year old Butch Thompson is the main focus. The story is narrated by Butch and his adult counter part. Butch is joined by four friends, all unique in their own way. These boys come from the poor side of town and are neither goody two shoes types or budding criminal apprentices. Butch is a dreamer, easily drawn into fantasies and make believe. TV is new on the scene and Butch cant understand why his friends are not enthused about riding their bikes across town in the rain to meet an early TV icon. D.L., Butchs friend, says the whole thing is a bunch of baloney. Its just a trick to get you to buy shoes. D.L. is cynical about most things and knows things the others dont. Sam is older than the other four. Hes slow moving and slow thinking but big enough to be the gangs protector and piece keeper. Donny is a foster child. Hes poorer than the rest but never without a smile on his face regardless of his personal hardships. Duane is a year younger than the rest and always ready to show he belongs in the group. Their adventures are many and unusual :
