

Diary of a Season

A diary of one of the most controversial seasons in Rugby Union history, as the players compete for the first time as professionals. Wasps captain and England player Lawrence Dallaglio begins with pre-season training, the new Wasps and England line-ups and examines the influence of professionalism on the sport and what Rugby League players can bring to Union. Also included is a discussion of how England managed to secure the Triple Crown and the Lions Tour to South Africa.
