

Diva-Tize: Frugal Is the New Black

Divas can get by in hard times and can establish and/or maintain a Diva lifestyle on a lower budget. Kathy OLeary has written this book to provide useful information, offer suggestions and creative ideas, to reiterate common sense behaviours, and to give readers (Divas or not) a reason to smile and laugh. This book contains tips, ideas and experiences from Divas of all ages throughout the country and from all walks of life. The information in this book comes from real ladies who are experiencing the same economic troubles as you or I, living in rural or urban environments, cottages or even inner-city public housing. It doesnt matter where you live, but the mindset with which you live. Divas are everywhere!
