

Comprehensive Concealed Carry: 10 Tips to Defend Yourself, Stay Safe, Gear up, and Get Your First CCW, Fast

Comprehensive Concealed Carry is intended to be the go-to source for new gun owners on how to be safe, legal, and effective in the judicious use of modern self-defense weaponry. This book is also a step-by-step guide on how to go about acquiring the Virginia Non-Resident Concealed Handgun Permit, which is considered one of the best CCWs in the Union in terms of overall cost, value, and reciprocity. The book addresses many common questions that inevitably come up in the process of getting your first CCW, CHP, or CHL, and a handgun - along with everything that goes along with a handgun - for personal self-defense. This book starts out with a discussion on eligibility requirements, in an easy to understand way, in order to purchase a handgun and get a license or permit; then talks about the responsibilities you take on when you carry a concealed weapon and how to decipher the laws surrounding concealed carry. A step-by-step guide on acquiring a concealed carry permit as quickly and as cost effectively as possible that carries the most reciprocity in places like Florida, Texas, Utah, Wisconsin, Missouri, Kansas, Arizona, and dozens more with Virginias Non-Resident Concealed Handgun Permit (CHP) is then outlined. After that, we talk about what you need to know at a minimum and where to get training to become a safe and effective member of the concealed carry community; how to evaluate the use of lethal force; and how to interact with law enforcement agencies. Finally, I provide some helpful tips from the concealed carry community in making decisions about what, where, and how to carry every day, including things you need to know before going gun & holster shopping, including some helpful tips for women; clear and easy to follow explanations of the different jargon used in gun & accessory shopping; and useful links on where to get more information on the

internet regarding the subject, including where to get more training, advice, insurance, legal defense, and much, much more.
