

Newman (Past Masters)

The religious leader John Henry Newman (1801-1890) started his long career as a devout Protestant; he later became the head of a new movement of Catholic ideas within the Church of England, and finally joined the Catholic Church. He began a new epoch in the study of religious faith. In this classic short study, reissued with a new preface to celebrate Newmans beatification, Owen Chadwick examines the many aspects of Newmans thought and writings, especially his views about faith, knowledge, and education.
