

Face the Future: Challenges, Joy and Faith for Seniors (Making a Difference Book 6)

Face the Future is a four-part book series that addresses topics of special relevance and interest to the over-60s. Balancing practical advice, inspirational stories and a generous dose of humour, William Cutting shows how Seniors can live life to the full, with purpose, pleasure and a positive approach. This second book addresses some of the challenges and joys of Senior life. Grandparenting offers wonderful opportunities to model values and share quality moments with the younger generation. Each person has a legacy to pass on. And at a time when memory may be failing and the body weakening, the spiritual dimension of Senior life can grow stronger than ever. There is an opportunity to look forward to a heavenly home, as well as to recall fond memories of a life of experiences.
