

# The Beginners Guide to Fixing Your PC

The computer wont work. Before you pick up the phone or take it to the nearest repair shop, use this book. It could save you hours of frustration, not to mention money and lost days of work. In an easy-to-follow format, it deals with everything from everyday problems to major disasters. It also recommends ways to avoid trouble, from firewalls to dealing with phishing. A check list and avoidance tips will ensure that even if youre a beginner, youll have a solution at your fingertips.
