

Can you imagine living the dreams of your life, never worrying about money again? What if you can master the game Forex trading, and trade from any place in the world where internet is available? What if all your dreams of leaving the dreaded... J.O.B. become reality...being able to give your family and loved ones the lifestyle they deserve. See, Forex is not for everyone, but is it a legitimate way out of the 9 to 5 rat race. See, as I am writing this introduction for you I am sitting under the bimini of my 51 foot sail boat yacht, in the heart of the Caribbean. Water is crystal turquoise blue, you can see all the way to the bottom.. The colors are incredible. It gives you such of sense of freedom and ability to enjoy life to the fullest. Man paradise, no alarm clocks, no traffic, I can hear the music from the small marina bar. I am not even at the marina, the boat is anchored at a mooring ball. Ha... tell me about the life, that you can have...yeah you can have it too. You need to be sick enough of your same all, same all in order to take action. Do you want trade like the pros, then you have to learn from the pros. You will not find the information in this book anywhere on the Amazon traders section. In a matter of fact no one is teaching what I am about to show you in this book. You would ask, what is so special about it. See, the people that are making a living from Forex are not about to reveal their secrets. The ones that are making money from your trades A . K. A. your friendly broker don't care . In a matter of fact they will gladly offer their friendly education, to teach you how you can too loose a large amount of money like your fellow retail traders that are using the same broker. I am revealing the highly guarded secrets of the big guns. It is possible that I get some ugly letters from traders, and even some of my friends, after this book is released. But heck yeah, I am sick and tired of seeing the daily casualty of honest and hard working people, like yourself loose their hard earned money to the broker. Enough is enough, I have made my stake is time to give back and help others to go the same road. So enough of my blurb... I have laid my hard learned secrets in that book and the price is ridiculously low. You would normally pay 2-3 times more in your local book store, for a book full of BS explaining you, the current economic climate, and how we are coming out of the recession hog wash. Year it says" learn how to trade" or something of that effect, but doesn't have even one tenth of the hard core to the bone content I am offering you. See I know you can live and have anything you want in this life. You can even create your own reality. Yeah I know creating you reality is cool, but it requires a dirty word called work. Do you you want to create your new reality, even step in to it. You would if you knew what is on the other side. Well I decided to create you reality for you. I have done all the dirty work and have set everything up for you for success in this book. So, punch a few buttons and take a click of faith and by this book. I promise you, you will not be disappointed. See you on the other side.
