

Get Lost, Girlfriend!: How I Found Myself When My Best Friend Dumped Me

Being dumped by your BFF may feel like the worst betrayal you could ever face, worse than being ditched by your man, snubbed by your dog (the cat does it regularly, so that doesn't count), or fired by your housekeeper. But in every crisis there's opportunity, right? This is the story of how a quirky therapist answers the phone one day, only to hear her closest friend say the dreaded words that cut her off forever. For months, she struggles to pull herself out of the deepest hole she's ever fallen into. But how is that possible, with no friend to grab onto? By looking hard in the mirror, with Windex in one hand and a comical dash of magic in the other, she discovers a new best friend ever herself.
