

Scattered Leaves: The Legend of Ghostkiller (The Ghostkiller Trilogy Book 1)

On the day after Christmas in 1862, thirty-eight Dakota Sioux Indians were hanged in the largest mass execution in United States history. More than a century later, Kyle Ghostkiller is given the chance to go back and save them. Kyle has just returned to his hometown to accept a medicine bundle that gives him the power to time travel and reverse a curse on an old government document. But when four teenagers are found brutally murdered, newcomer Kyle becomes a prime suspect. With the FBI hot on his trail, and a jilted childhood sweetheart learning to love him all over again, Kyle escapes into the past where he must confront dark forces to save the 38 or risk losing them to the hangmans noose forever. Its a fierce battle between good and evil that Kyle must win. Only the sacred ceremonies of his ancestors and Kyles sheer determination can save the 38, but can he successfully change history for the Great Sioux Nation? Based on true events.
