

Get the how, when, and why of getting better and staying well with homemade remedies that the doctor orders. National Geographic helps you take charge of health care guided by a physician expert in natural healing, herbal medicine, and home remedies. Never have we needed this advice more than now, as worries about hospital-borne infections, antibiotic resistance, and pandemic threats make us yearn for the days of doctor home visits and mothers chicken soup. We need to rediscover the special care and comfort that comes from caring for health at home, says Dr. Low Dog. In this book she guides us in identifying, responding to, and caring for all the most common ailments, so that when its time to take care at home, you have a doctors advice on how. Learn how to make herbal remedies and why you and your family will be healthier for doing so--and get advice on when its best to consult a health care professional instead.
