

# Homework Rules and Homework Tools Your Guide to a Simple Homework System

This book is a homework help book written by a parent/ educator for both parents and educators. It outlines a simple 8-point system that will limit the problems commonly associated with homework in the classroom and at home. This book clearly defines the roles of parent, teacher and student. It places the largest amount of accountability with the student. Reforming the homework process only begins with reading the book. This book will be an asset to people who value the homework process. Its main philosophy will focus on how to get children to do the work in satisfactory condition and turn it in to the teacher on time.
