

The Secrets to Attracting Beautiful, Quality Women

There was a time when men and woman met in social situations where the mind, body and spirit of both the man and the woman were present and connected at first sight. There was chemistry and connection. For most men and woman today, first sight is that first connection through an image, words and gestures typed into a computer through an internet dating site. For most people preparation for internet dating means that we find a photograph, write a profile and hope that when we put it out there it presents the authentic self that allures a future mate and when we receive a response we hope that cyber chemistry will do the job and connect us with a future mate. In reality most men dont prepare well for the context of internet dating. There is no school, nor toolbox for maximising our performance. When we exercise, we following protocols such as understanding our fitness level, stretch, warm up, consult a trainer, review our performance and modify our technique. Internet dating provides an efficient way to review potential candidates for your future mate. It can be an exciting but also a daunting proposition. A key challenge for men is to transmit that first authentic glimpse of you to a future mate and to continue to draw the lady to the real you in an alluring way. Another challenge is to minimise the risk of not listening to what the woman is saying and being misread as you communicate through cyberspace. Most men say too much on line. The Secrets to Attracting Beautiful Quality Women is the personal trainer for men dating women on the internet. Savannah and Jessica give you insights into the mind of a woman.
