

Dont Hire a Financial Coach! (Until You Read This Book) (60 Minute Financial Solutions Book 4)

All financial coaches ARENT created equal. There's no relationship between how much you spend for financial education and how much value you actually receive. Of course you need to grow your financial intelligence to increase your wealth, but you need to do it in a smart and efficient way without getting ripped off by overpriced secrets of the rich nonsense. Author and financial coach Todd R. Tresidder shows you the way. *Dont Hire a Financial Coach (Until You Read This Book)* gives you an insiders view into the financial coaching industry. Once you learn the good, the bad, and the ugly, you'll know how to get the best value out of financial education services. In this book, you'll discover: The 7 rules for buying financial education that pays you more than it costs 12 warning signs that you're dealing with an illegitimate dream merchant 3 steps to choosing the right money coaching service for your personal needs and style How to choose between group financial coaching and individual financial coaching 7 ways that smart clients maximize the value they get from money coaching Dont pay someone to make your decisions without doing your homework. Tresidders book takes a sincere, common sense approach to navigating the financial coaching world. If you like having all the answers in one direct, well-written, and valuable guide, then this is the book for you. Buy the book today to make sure you get the most out of your financial coaching.
