

The Teleprompter Manual

The definitive guide for executives, politicians, broadcasters & speakers. This manual contains everything you need to know to be natural, confident and powerful when addressing any size audience, anytime, anywhere while using the teleprompter. Its easy to read chapters provide a step-by-step program for planning and delivering a successful, natural looking performance. After explaining the history of this groundbreaking machine, Brown walks the reader through the steps of choosing the right equipment, finding an operator, rehearsing the speech and actually giving a presentation. It also contains highly useful tips for any type of presentation.
