

Divorce or Break up? I Just Want to Heal My Broken Heart 30 Day Program to Recovery (Divorce Series Book 1): A Day by Day Guide to Help You Recover from Your Divorce or Break Up

DIVORCE OR BREAK UP? Your relationship is over. Now what? You might feel lost, devastated, and lonely and I'm here to help. Let me tell you a little bit about myself. I too went through a very painful divorce right after giving birth to our child. And to make matters worse, he stayed in the affair that broke us up to begin with. I was devastated and felt like my world was over. I knew I had to pull myself together and continue on for the sake of my children. So I decided that I would give myself 30 days to become a better, happier, healthier and newer me. Everyday, I would come up with fun and interesting ways to help myself get over my divorce and it worked. I became happier, healthier, and felt like a new person. After going through this, I started coaching people who were having the same problems and noticed how their lives change. I knew I wanted to help as many people I could who are having this problem, but knew that my course wasn't affordable for everyone, so I took all the things that helped me and my students and put it into this 30 day workbook: **Divorce or Break up?
