

Science Matters Learners Book Grade 9

Science Matters Grade 9 is the third book in the Science Matters series. It enables educators to implement materials in their classroom, challenging learners misconceptions in a learner-centred way. Learners develop skills already introduced and tackle new problems related to the world of scientific discovery. Features of the Learners Book: The materials are learner-centred and activity-based. Ideas and skills are presented in a context to which learners can relate. A skills list supports learners in their activities. Each activity provides assessment opportunities. The activities guide learners to produce a record of their work. Features of the Teachers Guide: Introduces Curriculum 2005. Makes the terminology accessible. Summarises how the course covers the Specific Outcomes. Units are planned to cover outcomes in all Learning Areas. Includes a range of teaching methods and resources. Outlines all assessment opportunities for each activity.
