

The Journey from Christianity to Atheism

I have tried a number of times over the years to explain to people who have never walked the path from Christian > ex-Christian > Atheist what that journey is like and what it means to me and to others like me. It is not an easy path to travel at all. The journey from devout Christian religious belief back to the real world is one filled with doubts and questions and a great deal of strong emotion. I hope the story of my journey brings clarity and understanding to the issue.
