

The Honest Guide to Candlestick Patterns: Specific Trading Strategies. Back-Tested for Proven Results.

Are you tired of trading books that are nothing more than a sales pitch? The Honest Guide to Candlestick Patterns is the second title from the best-selling author of the Honest Guide to Trading Series. In The Honest Guide to Candlestick Patterns, Llewelyn James debunks some of the myths that surround candlestick patterns and explains how, using the right set of rules, anyone can now perfect the ancient art of candlestick analysis to make market-beating returns. Using his extensive experience of mechanical trading strategy design, Llewelyn has combined a variety of modern day technical indicators with the familiar candlestick patterns in a bid to quantify the most profitable patterns.

Based on proven results, not theory, The Honest Guide to Candlestick Patterns eliminates the ambiguity which surrounds the identification of candlestick patterns and instead presents the exact rules and filters that have shown to significantly improve each patterns returns. Download your copy today and discover The precise rules and definitions for the most well-known candlestick patterns. The exact probabilities of a pattern leading to a market reversal. The exact returns that you can expect to make when trading the patterns blind. How to identify the best market conditions for trading each pattern.

How to make money in both bull and bear markets. The exact filters to use which have been shown to increase the win-rate and profitability of each pattern. The exact rules to a candlestick pattern trading strategy that made 70% gains during the financial crisis of 2008. 14 complete trading strategies and back-tested results.
