

Age of the Fallen

Aiko has been gifted to see into the spiritual world where demons are pushing desperate and confused teens to suicide every day. She should be horrified--but instead, they are, because shes been chosen to stop them. In this fallen world, where unseen battles determine the fate of a generation, Aiko and her friends are willing to risk it all to make a difference. When they are called on to save the life of Kenji, the son of the most powerful drug lord in the city, they are plunged into a dangerous struggle between heaven and hell that will decide the fate of their region for a generation. Soon they find themselves going deeper into the evil places of the city to fight their battles and paying higher costs for each battle. Ultimately, Aiko finds herself face to face with the prince of the demons, the Dark Lord himself, to fight, along with her team, for the safety of her generation in a final battle.
