

Kids Little Party Cakes (Australian Womens Weekly)

Little party cakes are becoming very popular at birthday parties and for children to take to school and pre-school. They're fun to make and children love the idea of a birthday cake especially made for them. There are animals and insects, space creatures and cricket balls, farmyards and cars and trains and ghosts. Most cakes are decorated with readily available lollies and chocolates so you don't need cake decorating experience to make something wonderful.
