

## The Daily Essentials Cookbook Collection: Breakfast (Volume 1)

Every recipe in The Daily Essentials Cookbook Collection is made with fresh, whole foods. We strive to use organic ingredients and focus largely on plant-based foods that provide the body phytonutrients; naturally occurring plant-based compounds that fight disease and reduce stress in the body. Every recipe is sure to provide you a healthy balance of protein, fat and carbohydrates so you achieve sustained energy all day long.

The best thing of all is your taste buds will dance to the vibrant flavors in this recipe collection! We encourage you to make each recipe your own; if you don't share a gluten free lifestyle with us, we show you how to create each recipe with organic wheat flour. We've also provided ideas for vegan and vegetarian families. There's something for everyone! Having fun in the kitchen, nourishing your body with fresh, whole foods, and enjoying time together as a family is what life is all about. May you enjoy every moment! To your health and happiness, Angela & Janielle
