

## The Mystical Initiations of Intention

The books in The Path to Self-Mastery series present a set of mystical and practical initiations designed to raise your consciousness and unlock your creative potential. Each book presents the initiations of one of the seven spiritual rays. Everything in the material universe is created from the energies of the seven rays. The way to increase your creative powers and manifest the life you want is to master the creative energies of these rays. This book presents the seven initiations of the Fourth Ray of Purity. You will find profound teachings on how to raise your intentions from fear to love. This will help you escape the treadmill of acting on programmed intentions that seek to compensate for lack. Instead, you can discover your higher intentions for being in embodiment. You will learn: How to lift your intention above the abuse of power How to escape intellectual intentions How to escape fear-based programmed responses How to discover your original motivation How to see your highest creative intentions How to serve life while having inner peace How to manifest your highest intentions
