

This is the instructors guide to Marketing Agricultural Commodities Text by Deere & Company. The focus of the book is on the marketing decisions of the farm producer: What does it take for that producer to make effective marketing decisions? How important is it? Is this the way farmers can differentiate themselves from neighbors and make a decent income? How much potential is there is the farmer starts to get as good in making wise marketing decisions as in making smart production decisions? This book is dedicated to helping producers become global marketers.
