

Super Bowl: The Game of Their Lives-The Definitive Game-By-Game History As Told by the Stars

From Bart Starrs evocative memories of the Packers historic win over the Kansas City Chiefs in Super Bowl I and coming full circle to Desmond Howards account of the Packers win over New England in Super Bowl XXXI, here for the first time is the definitive history of those games as told by a major player from each game. In each chapter a pivotal player recalls and dissects a game, describing legendary moments in NFL history and telling just what it was like to prepare, play, and win. With an immediacy that brings readers inside the players heads, into the locker rooms, and onto the line of scrimmage, Super Bowl is must reading for any football fan.
