

## Off Limits

Their lives are spread over three continents, with a thin thread that connects them all together, only they don't know it. This fast-paced thriller tells the story of Pierre Kagan, orphaned and abandoned in France; Eli Peleg, the victim of a terrorist attack that leaves him psychologically scarred and vulnerable; and a Jewish journalist from San Francisco who may be getting himself involved in secrets much too deep for his own good. This dramatic, suspenseful novel will keep you guessing until the very end!
