

The One Shot In Life

This book is written from the bottom of my heart based on experiences gained throughout my life, career and tough situations I had to face. I do not intend to write a long novel, but to simply deliver a powerful message to everyone around the globe. My vision is to make the impossible possible. My mission is to help people around the globe to achieve their goals and fulfil their dreams. I want to motivate people from different walks of life, from top positions in companies to drug addicts and alcoholics, and even those who have lost their jobs or gone through the trauma of divorce, to inform you that you have one shot in life. However the purpose of my book is not to tell you what to do, but rather to let you discover life is very, very short. Money we lost, we can always get back, but we can never buy back time, neither can we buy back lost opportunities. I hope you enjoy reading this book, as I enjoyed sharing my life experiences with you. Please take your time, as I believe some areas will touch you deeply. Thank you for your reading!
