

Orator ORourke: The Life of a Baseball Radical

As a player, manager, team captain, umpire, owner and league president, Jim ORourke (1851-1918) spoke for the players in the emerging game of baseball. ORourke's career paralleled the rise of the game from a regional sport with few strategies to the national pastime. Nicknamed Orator for his booming voice and his championing of the rights of professional athletes, he was a driving force in making the sport a profession, bringing respectability to the role of professional baseball player. From contemporary sources, ORourke's own correspondence, and player files available through the National Baseball Library, a rounded portrait of Jim ORourke emerges. Quick to speak his mind, the outfielder played on nine pennant-winning teams, but his playing career was overshadowed by his work in organizing baseball's first union. After his playing days ended, ORourke attempted to establish the Connecticut League, becoming the circuit's president, secretary, and treasurer. Though the league failed to fully materialize, his Bridgeport Victors did play several games and were one of the few racially integrated teams—a fact emblematic of ORourke's efforts to change the national pastime. In those efforts, he attempted to wrest control of the game from the owners and empower the players. This work provides a behind-the-scenes look at the growth of the national pastime from the Civil War through the deadball era.
