

## Aircrash 1975

This is the first book of an in-depth new series covering all the French military aviation crashes of the post-war era. This fascinating book details all the crashes sustained by the French Air Force, French Navy and all other French governmental agencies, with each crash examined in detail, looking at the circumstances of the loss as far as they are known, and including other details like the serial and code. Each entry is illustrated with photographs of the aircraft involved to provide a complete picture of the tragic history of these crashes. French text (with English captions)
