DARE TO BE AN Entrepreneur Inside are the Foundation Steps, your Key Objectives and the Valuable Resources and Links for you to start and operate a successful business. How do I determine what area I should start my business in? Inside is a quick formula to help you find an area where you are best suited. What is your vision for your business? What are your values as a business owner (What is important to you in your life? How do you envision Success?)? What is your company mission statement? What are your company goals? What are your key objectives? How do you classify workers? My odyssey against the State of California stands as an example of the many reasons why pet-sitting agencies that utilize independent contractors, need to ensure that they truly understand the legal and practical effect of such relationships. As a result of my experience and knowledge, I dedicated one chapter in this guide designed solely for the pet sitting industry.
